### **Get your Customs Channel**

During the last 30 minutes prior to docking you must check your Customs Channel to see whether you are free to leave the Port on arrival or if you have been called to Customs.

The following steps should be completed to get your channel:

Step 1: Go to www.revenue.ie/roro or scan QR code 30 minutes prior to docking

Click on Customs Channel Look up, enter your PBN ID, then click 'Get your Channel'

In the unlikely event that you have mislaid your PBN ID during the journey, follow these four steps:

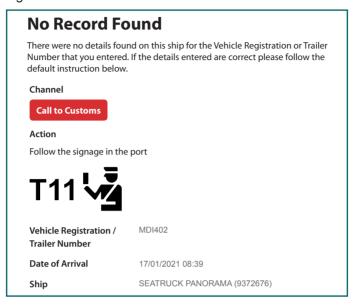

- Enter the vehicle registration number or trailer ID of the vehicle you wish to check
- · Select the scheduled date of arrival
- · Select the relevant ship the vehicle is travelling on
- · Click on the 'Get your Channel'

You will receive 1 of the 5 channel options below.

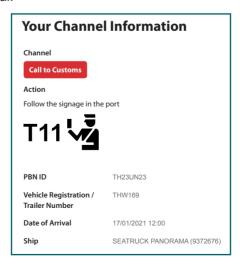

Channel Options	Port Signs	Instructions
